INTRODUCTION

The County of Ocean is a County of Fifth Class as defined in N.J.S.A. 40A:6-1 et seq. Pursuant to N.J.S.A. 19:44A-20.4 et seq., the County of Ocean requests proposals from firms capable of providing voting machine transportation services for a two year contract term.

SCOPE OF WORK

The County of Ocean rents trucks of various sizes throughout the year for transporting voting machines to and from polling places located in Ocean County during election cycles. There are currently two election cycles per year which require the expedited transportation of voting machines, preceding and following the actual Election Day. The voting cycles take place, mid-May through early June and late October through early November. Each election cycle lasts approximately 20-25 days. Special elections may also be scheduled during the course of the year and vehicles may be rented if necessary.

The selected business must maintain an exclusive facility within the County of Ocean, or within close proximity to the Voting Technology Center on Lehigh Avenue in Lakewood.

The successful vendor must be able to provide various vehicles on an as needed basis, including cargo vans, 10 foot trucks, 15 foot trucks and 24 foot trucks. The trucks will be used to transport voting machines to and from voting districts within Ocean County.

Each truck must be fully enclosed and have a fully functional gate lift. Ramps are not acceptable.

The successful vendor shall be responsible for good order maintenance and all repairs of rented vehicles.

The County makes no guarantee as to the number of vehicles which may be needed.

The successful vendor must be prepared to provide the County with a minimum of five 24 foot trucks for each election cycle. Each truck may be needed for 20-25 day periods during mid-May, early June, late October and early November.
