

RFP SUMMARY

Power Purchase Agreement (PPA) for Multiple Ocean County Facilities in Stafford Township

The Ocean County Board of Chosen Freeholders (the County) is seeking a Solar Power Purchase Provider to provide energy via a Power Purchase Agreement to its eight (8) facilities located on Haywood Road in Stafford Township, New Jersey. The County expects a total system size of approximately 625 kilowatts (kW). Contract includes a guarantee to provide a minimum of 700,000 kWh/yr for a term of 15 years at a reduced rate (\$/kWh). Energy shall be produced by a Photovoltaic System in the immediate vicinity of the County's eight (8) facilities in Stafford Township, constructed by others separate from this Power Purchase Agreement. Proposer is solely supplying Ocean County with power for purchase including the required metering and interconnection equipment as generated from the Photovoltaic System. Responses to this RFP for the Power Purchase Agreement (PPA) are required to include, but not be limited to, permitting, purchase of all materials and appurtenances and installation relative to the metering and interconnection of the Solar Photovoltaic System at the County facilities, the distribution system and easements. Included shall be commissioning and successful startup, including all labor costs required for proper operations. Proposer will be responsible for all permits, submittals and associated fees required by the local code enforcement and/or Department of Community Affairs and the local utility (Atlantic City Electric) including application and inspection for New Jersey Clean Energy Program.

Proposer's must show proof of licensure as a licensed electrical contractor, licensed in the State of New Jersey, for installation of the metering and interconnection equipment and whom has experience with facility electrical and energy systems. Proposer and/or Proposer's team will have a documented track record of success with providing Power Purchase Agreements and will have successfully implemented Photovoltaic projects in New Jersey.

Anyone interested in receiving a full and complete package of this RFP should contact the Ocean County Administrator's office at 732-929-2147. Upon request a RFP will be mailed to your firm.
