I HEREBY CERTIFY THAT THIS DOCUMENT IS A TRUE, COMPLETE AND ACCURATE COPY OF THIS RESOLUTION, ADOPTED BY OCEAN COUNTY BOARD OF COMMISSIONERS, NJ AT THE MEETING REFERENCED THEREON

Michelle 1. Gunther

Clerk Of The Board

RESOLUTION

January 19, 2022

WHEREAS, on December 7, 2021, pursuant to legal advertisements therefor, sealed bids were received for the furnishing and delivery of MOTOR VEHICLE: LOADER NO. II for the County of Ocean; and

WHEREAS, at the advertised time, one response was received from the following bidder:

Name of Bidder

Address of Bidder

Jesco, Inc.

118 St. Nicholas Ave. South Plainfield, NJ 07080 (908) 753-8080

; and

WHEREAS, after the receipt and examination of same, the County Purchasing Agent has now recommended to this Board that the sole qualified bid, according to specifications, namely that of, JESCO, INC. be accepted.

NOW, THEREFORE, BE IT RESOLVED by the BOARD OF COMMISSIONERS of the COUNTY OF OCEAN, STATE OF NEW JERSEY, as follows:

1. The Director and Clerk of this Board are hereby authorized and directed to enter into a contract accepting the bid for the furnishing and delivery of Motor Vehicle: Loader No. II for the County of Ocean, for the contract period from date of award through January 18, 2023, a period of one (1) year or until delivery is complete. The County reserves the right to extend the term of the contract pursuant to N.J.S.A. 40A:11-15, as follows:

JESCO, INC. for ten (10) items, to wit:

<u>ITEMS NO.</u> 1, 1a, 1b, 1c, 1d, 1e, 1f, 1g, 1h and 1i.

For a Total Lump Sum Award (Item #'s 1-1i) of \$1,300,017.00.

This vendor has extended this contract to County Cooperative Contract System Participants.

- 2. Payments for the equipment to be acquired by this contract shall be made upon the approval of vouchers submitted by the successful bidders in accordance with the requirements of the Board of Commissioners and subject to the Board of Commissioners customary procedures. Delivery shall be made upon receipt of a Purchase Order issued by the Ocean County Department of Purchase, upon which delivery locations and needed quantities shall be indicated.
- 3. Funds for equipment shall be available within the following funding Sources: County Road Department O.E.
- 4. The contract number must be placed on all papers, documents, invoices and vouchers pertaining to said contract, the number being B2022-04.
- 5. BE IT FURTHER RESOLVED that certified copies of this Resolution shall be made available to the County Auditor, County Department of Purchasing, Department of Finance, County Road Department and Jesco, Inc., the successful bidder.

MOTOR VEHICLE - LOADER

Page 1 of 12

ITEM 1 – MODEL YEAR 2022, OR NEWER, JOHN DEERE 724P 4-WHEEL DRIVE LOADER, AS SPECIFIED OR EQUAL

Manufacturer/Model: John Deere 724 P Tier Wheel Loader

Engine: John Deere Power Tech PSS 6090 EPA Final Tier 4 9.0 L.

Transmission: Powershift 5-Speed with Lockup Torque Converter

Warranty: Standard Warranty: Full Machine Coverage For 12 Months

Extended Warranty Option #1: 5 Year (60 Month)/7,000 Hour Comprehensive Warranty Travel Time/Mileage included for the first year.

Extended Warranty Option #2: 7 Year (84 Month)/7,000 Hour Comprehensive Warranty Travel Time / Mileage included for the first year.

Extended Warranty Option #3: 7 Year (84 Month)/7,000 Hour Comprehensive Warranty Travel Time/Mileage unlimited for the first year.

Delivery, A.R.O.: 180 Days Approximately – Subject to world wide supply chain issues.

	COMPL	IANCE
ENGINE Six (6) cylinder, turbocharged, charge air cooled diesel engine and shall be designed and built by the manufacturer	YES	NO
Engine shall be certified to EPA Final Tier 4/EU Stage V	\boxtimes	
Engine shall have a wet-sleeve cylinder liner design for improved cylinder cooling over dry sleeve and cast-in-bore design		
Engine displacement shall be no less than 9.0 liters (548 cu. in.)	\boxtimes	
Gross peak power not less than 276 hp at 1800 rpm		: 🗆
Engine net peak power shall be no less than 268 hp (200 kW) @ 1800 rpm	\boxtimes	
Engine shall develop at least a 48% torque rise and should have at least 951 lb per foot (1290 Nm) net peak torque @1400 rpm	\boxtimes	,
Fuel system shall be high-pressure, common rail, and compatible with B20 biodiesel		<u>:</u> 🗆
Daily check points shall be accessible from one side of the engine and shall be done from ground level	\boxtimes	
Under-hood engine air cleaner shall be dry type, dual element with a restriction sensor and in-cab restriction warning light. Must be able to access air cleaner without tools.	\boxtimes	
The loader shall have pre-screened under hood air intake to minimize plugging		

inTribulearder: shall bare gutomatic exhaust filter regeneration with de-rating when exceeding

The 12VDC sources shall be protected from making contact with grounded metal surfaces. ✓ II. Technical Support Technical Support is to be provided by factory authorized technical representatives and is to be the original equipment Manufacturer's industry standard technical presentation in a classroom setting. The support provided shall be at the journeyman/equipment technical nevel and should address limited theory, fault diagnosis and repair pertaining specifically to the equipment supplied under this specification. Technical support may be requested in the following areas: 1. Engine (cooling, fuel, ignition, lubrication systems) − 1 day at each location 3. Electrical − 1 day at each location 4. Brakes − 1 day at each location 5. Hydraulic system (dump body, spreader, snow plow) − 1 day at each location 6. Upfitter (dump body, sweeper, etc.) − 1 day at each location A technical representative(s) shall be made available for a total of 180 training/support hours (anticipated to be scheduled in six (6) hour blocks). Shorter training days will be allowed only with consent of Vehicle Services. The total training hours will be required to be provided and no additional compensation will be considered. The actual ti		MOTOR VEHICLE – LOADER be unterminated. The 12VDC sources shall be protected from making contact with		Page 1	1 of 12
OPTIONS (Cont'd) 1H. Installation of County Supplied Two Way Radio and Accessories Install is to include but not limited to antenna cable, mounts, speakers, brackets, etc. For the purpose of installing two-way radios into new County vehicles and equipment, the following power and wiring components shall be included: 1. #12 AWG RED wire connected to 12VDC Battery Source rated at 20 Amps. 2. #12 AWG BLACK wire connected to chassis ground. 3. #16 AWG YELLOW wire connected to 12VDC Ignition Sense rated at 5 Amps. These wires shall be encased in plastic wire loom and routed from their source into the cab of the vehicle. The wiring harness shall be clearly labeled "TWO-WAY RADIO". The 12VDC sources shall be protected from making contact with grounded metal surfaces. ✓ II.
